#### LEGISLATIVE COUNSEL'S DIGEST

AB 1616, Gatto. Food safety: cottage food operations.

Existing law, the Sherman Food, Drug, and Cosmetic Law (Sherman Law), requires the State Department of Public Health to regulate the manufacture, sale, labeling, and advertising activities related to food, drugs, devices, and cosmetics in conformity with the Federal Food, Drug, and Cosmetic Act. The Sherman Law makes it unlawful to manufacture, sell, deliver, hold, or offer for sale any food that is misbranded. Food is misbranded if its labeling does not conform to specified federal labeling requirements regarding nutrition, nutrient content or health claims, and food allergens. Violation of this law is a misdemeanor.

The existing California Retail Food Code provides for the regulation of health and sanitation standards for retail food facilities, as defined, by the State Department of Public Health. Under existing law, local health agencies are primarily responsible for enforcing the California Retail Food Code. That law exempts private homes from the definition of a food facility, and prohibits food stored or prepared in a private home from being used or offered for sale in a food facility. That law also requires food that is offered for human consumption to be honestly presented, as specified. A violation of these provisions is a misdemeanor.

This bill would include a cottage food operation, as defined, that is registered or has a permit within the private home exemption of the California Retail Food Code. The bill would also exclude a cottage food operation from specified food processing establishment and Sherman Law requirements. This bill would require a cottage food operation to meet specified requirements relating to training, sanitation, preparation, labeling, and permissible types of sales and would subject a cottage food operation to inspections under specified circumstances. The bill would require a food facility that serves a cottage food product without packaging or labeling to identify it as homemade. The bill would establish various zoning and permit requirements relating to cottage food operations.

This bill would incorporate additional changes in Section 113789 of the Health and Safety Code, proposed by AB 2297, to be operative only if AB 2297 and this bill are both chaptered and become effective January 1, 2013, and this bill is chaptered last.

By imposing duties on local officials and adding new crimes, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Small businesses have played an important role in helping slow economies recover and prosper as an engine of job creation. During the 1990s, small businesses created the majority of new jobs and now account for 65 percent of United States employment.

(b) California, and the United States as a whole, are facing growing obesity and obesity-related disease epidemics.

(1) Two-thirds of American adults and nearly one-third of children and teens are obese or overweight, placing them at risk for developing chronic diseases such as diabetes, heart disease, and cancer.

(2) One in every nine California children, one in three teens, and over half of adults are already overweight or obese. This epidemic affects virtually all Californians.

(3) These health conditions are preventable and curable through lifestyle choices that include consumption of healthy fresh foods.

(c) For decades, low-income and rural communities have faced limited opportunities to purchase healthy foods. Often, without cars or convenient public transportation options, low-income residents in these areas must rely for much of their shopping on expensive, fatty, processed foods sold at convenience and corner stores.

(d) There is a growing movement in California to support community-based food production, sometimes referred to as “cottage food,” “artisanal food,” “slow food,” “locally based food,” or “urban agriculture” movements. These movements seek to connect food to local communities, small businesses, and environmental sustainability.

(e) Increased opportunities for entrepreneur development through microenterprises can help to supplement household incomes, prevent poverty and hunger, and strengthen local economies.

(f) At least 32 other states have passed laws that allow small business entrepreneurs to use their home kitchens to prepare, for sale, foods that are not potentially hazardous.

(g) Even some bake sales are currently illegal in California.

(h) It is the intent of the Legislature to enact a homemade food act specifically designed to help address these challenges and opportunities.

SEC. 2. Chapter 6.1 (commencing with Section 51035) is added to Part 1 of Division 1 of Title 5 of the Government Code, to read:

CHAPTER 6.1. COTTAGE FOOD OPERATIONS

51035. (a) A city, county, or city and county shall not prohibit a cottage food operation, as defined in Section 113758 of the Health and Safety Code, in any residential dwellings, but shall do one of the following:

(1) Classify a cottage food operation as a permitted use of residential property for zoning purposes.

(2) Grant a nondiscretionary permit to use a residence as any cottage food operation that complies with local ordinances prescribing reasonable standards, restrictions, and requirements concerning spacing and concentration, traffic control, parking, and noise control relating to those homes. Any noise standards shall be consistent with local noise ordinances implementing the noise element of the general plan. The permit issued pursuant to this paragraph shall be granted by the zoning administrator, or if there is no zoning administrator, by the person or persons designated by the planning agency to grant these permits, upon the certification without a hearing.

(3) Require any cottage food operation to apply for a permit to use a residence for its operation. The zoning administrator, or if there is no zoning administrator, the person or persons designated by the planning agency to handle the use permits, shall review and decide the applications. The use permit shall be granted if the cottage food operation complies with local ordinances, if any, prescribing reasonable standards, restrictions, and requirements concerning the following factors: spacing and concentration, traffic control, parking, and noise control relating to those homes. Any noise standards shall be consistent with local noise ordinances implementing the noise element of the general plan. The local government shall process any required permit as economically as possible. Fees charged for review shall not exceed the costs of the review and permit process. An applicant may request a verification of fees, and the city, county, or city and county shall provide the applicant with a written breakdown within 45 days of the request. The application form for cottage food operation permits shall include a statement of the applicant's right to request the written fee verification.

(b) In connection with any action taken pursuant to paragraph (2) or (3) of subdivision (a), a city, county, or city and county shall do all of the following:

(1) Upon the request of an applicant, provide a list of the permits and fees that are required by the city, county, or city and county, including information about other permits that may be required by other departments in the city, county, or city and county, or by other public agencies. The city, county, or city and county shall, upon request of any applicant, also provide information about the anticipated length of time for reviewing and processing the permit application.

(2) Upon the request of an applicant, provide information on the breakdown of any individual fees charged in connection with the issuance of the permit.

(3) If a deposit is required to cover the cost of the permit, provide information to the applicant about the estimated final cost to the applicant of the permit, and procedures for receiving a refund from the portion of the deposit not used.

(c) Use of a residence for the purposes of a cottage food operation shall not constitute a change of occupancy for purposes of the State Housing Law (Part 1.5 (commencing with Section 17910) of Division 13 of the Health and Safety Code), or for purposes of local building and fire codes.

Notice of any change to the approved food products list shall be posted on the department's cottage food program Internet Web site, to also be known as the program Internet Web site for purposes of this chapter. Any change to the approved food products list shall become effective 30 days after the notice is posted. The notice shall state the reason for the change, the authority for the change, and the nature of the change. The notice will provide an opportunity for written comment by indicating the address to which to submit the comment and the deadline by which the comment is required to be received by the department. The address to which the comment is to be submitted may be an electronic site. The notice shall allow at least 20 calendar days for comments to be submitted. The department shall consider all comments submitted before the due date. The department may withdraw the proposed change at any time by notification on the program Internet Web site or through notification by other electronic means. The approved food products list described in subdivision (b), and any updates to the list, shall not be subject to the administrative rulemaking requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) The State Public Health Officer shall not remove any items from the approved food products list unless the State Public Health Officer also posts information on the program Internet Web site explaining the basis upon which the removed food item has been determined to be potentially hazardous.

(b) Local enforcement agencies may collect a surcharge fee in addition to any permit fees collected for "Class B" cottage food operations. The surcharge fee shall not exceed the reasonable costs that the department incurs through the administration of the training described in subdivision (a) to protect the public health. The surcharge fees collected shall be transmitted to the department in a manner established by the department to be deposited in the Food Safety Fund. The department shall use the surcharge fees only to develop and deliver the training described in subdivision (a) to local enforcement agency personnel on an ongoing basis.

SEC. 14. Section 114390 of the Health and Safety Code is amended to read:

114390. (a) Enforcement officers shall enforce this part and all regulations adopted pursuant to this part.

(b) (1) For purposes of enforcement, any authorized enforcement officer may, during the facility's hours of operation and other reasonable times, enter, inspect, issue citations to, and secure any sample, photographs, or other evidence from a food facility, cottage food operation, or any facility suspected of being a food facility or cottage food operation, or a vehicle transporting food to or from a retail food facility, when the vehicle is stationary at an agricultural inspection station, a border crossing, or at any food facility under the jurisdiction of the enforcement agency, or upon the request of an incident commander.

(2) If a food facility is operating under an HACCP plan, the enforcement officer may, for the purpose of determining compliance with the plan, secure as evidence any documents, or copies of documents, relating to the facility's adherence to the HACCP plan. Inspection may, for the purpose of determining compliance with this part, include any record, file, paper, process, HACCP plan, invoice, or receipt bearing on whether food, equipment, or utensils are in violation of this part.

(c) Notwithstanding subdivision (a), an employee may refuse entry to an enforcement officer who is unable to present official identification showing the enforcement officer's picture and enforcement agency name. In the absence of the identification card, a business card showing the enforcement agency's name plus a picture identification card such as a driver's license shall meet this requirement.

(d) It is a violation of this part for any person to refuse to permit entry or inspection, the taking of samples or other evidence, access to copy any record as authorized by this part, to conceal any samples or evidence, withhold evidence concerning them, or interfere with the performance of the duties of an enforcement officer, including making verbal or physical threats or sexual or discriminatory harassment.

(e) A written report of the inspection shall be made and a copy shall be supplied or mailed to the owner, manager, or operator of the food facility.

SEC. 15. Section 114405 of the Health and Safety Code is amended to read:

114405. (a) A permit may be suspended or revoked by a local enforcement officer for a violation of this part. Any food facility or cottage food operation for which the permit has been suspended shall close and remain closed until the permit has been reinstated. Any food facility or cottage food operation for which the permit has been revoked shall close and remain closed until a new permit has been issued.

(b) Whenever a local enforcement officer finds that a food facility or cottage food operation is not in compliance with the requirements of this part, a written notice to comply shall be issued to the permitholder. If the permitholder fails to comply, the local enforcement officer shall issue to the permitholder a notice setting forth the acts or omissions with which the permitholder is charged, and informing him or her of a right to a hearing, if requested, to show cause why the permit should not be suspended or

revoked. A written request for a hearing shall be made by the permitholder within 15 calendar days after receipt of the notice. A failure to request a hearing within 15 calendar days after receipt of the notice shall be deemed a waiver of the right to a hearing. When circumstances warrant, the hearing officer may order a hearing at any reasonable time within this 15-day period to expedite the permit suspension or revocation process.

(c) The hearing shall be held within 15 calendar days of the receipt of a request for a hearing. Upon written request of the permitholder, the hearing officer may postpone any hearing date, if circumstances warrant the action.

SEC. 16. Section 114409 of the Health and Safety Code is amended to read:

114409. (a) If any imminent health hazard is found, unless the hazard is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility or cottage food operation immediately closed.

(b) Whenever a permit is suspended as the result of an imminent health hazard, the enforcement officer shall issue to the permitholder a notice setting forth the acts or omissions with which the permitholder is charged, specifying the pertinent code section, and informing the permitholder of the right to a hearing.

(c) At any time within 15 calendar days after service of a notice pursuant to subdivision (b), the permitholder may request in writing a hearing before a hearing officer to show cause why the permit suspension is not warranted. The hearing shall be held within 15 calendar days of the receipt of a request for a hearing. A failure to request a hearing within 15 calendar days shall be deemed a waiver of the right to a hearing.

SEC. 17. Section 8.5 of this bill incorporates amendments to Section 113789 of the Health and Safety Code proposed by both this bill and Assembly Bill 2297. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2013, (2) each bill amends Section 113789 of the Health and Safety Code, and (3) this bill is enacted after Assembly Bill 2297, in which case Section 8 of this bill shall not become operative.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
