**TO: All County Lead Agencies
Substance Abuse and Crime Prevention Act (SACPA) of 2000**

FROM: Wayne K. Sugita, M.P.A., Acting Director 
Alcohol and Drug Program Administration

SUBJECT: SACPA ASSESSMENT REFERRALS FOR LOS ANGELES COUNTY RESIDENTS

This is to advise you that effective immediately, Los Angeles County Alcohol and Drug Program Administration (ADPA) has updated the procedures for referring Los Angeles County residents who have been convicted under Proposition 36 in another county in California. A judge, commissioner, court staff, county designee, or probation official from another county should follow this procedure to ensure treatment services for Proposition 36 participants.

Effective with the receipt of this correspondence, county designees may refer participants directly to the Community Assessment Service Center (CASC) in Los Angeles County nearest to the participants' residence. Referring counties should locate the participant's residential ZIP code on the CASC Referral Listing, and direct the participant to call that specific CASC site for an assessment appointment. The participant may walk in to arrange an assessment appointment. The CASC will give the participant an assessment appointment within five days of their request for assessment. No same day appointments are possible because of the volume of participants served by the CASC. All persons participating in the Proposition 36 treatment program must be assessed at one of the 11 CASC sites prior to entering treatment.

Please distribute this information widely among your County's Probation, Courts, and Health Care Agency staff who refer Proposition 36 participants. We have also added the CASC Referral Listing to the ADPA web site at <http://lapublichealth.org/adpa/>. Click on the programs option, this should lead you to the Proposition 36 section.

If you have any questions or need additional information, please contact the Proposition 36 Help Line at 1-888-742-7900 or Ms. Yanira A. Lima, Proposition 36 Coordinator, at (626) 299-3202.
