

Summary Report of COVID-19 in People Experiencing Homelessness (PEH)

6/12/2022 to 6/18/2022

Lab Confirmed Cases	New Cases	Total Cases	Note: 1. Homelessness status and COVID-19 cases verified as of 5 PM on 6/18/2022. Data reflects cases in each standard week (Sunday - Saturday). 2. Presumed PEH are those whose homelessness status is still under investigation. 3. PEH totals and breakdowns include both verified PEH cases and presumed PEH cases unless otherwise specified, and does not include staff at shelters and other facilities. * Presumed reinfections are repeat positives 90 or more days after the previous infection. Prepared by the COVID-19 Response Team for People Experiencing Homelessness of the Acute Communicable Disease Control unit of the Los Angeles County Department of Public Health.
First Infections	161	17,813	
Presumed Reinfections*	18	1,337	
Total PEH Cases³	179	19,150	
Verified PEH ¹	139	16,322	
Presumed PEH ²	40	2,828	
Total PEH Cases³	179	19,150	

Cumulative COVID-19 Case Counts among PEH

Note:

1. Cases are reported by Episode Date, which is the earliest existing value of: Date of Onset, Date of Diagnosis, Date of Death, Date Received, Specimen Collection Date. Deaths reported by Date of Death or Date Received if Date of Death is missing. Number of daily cases will not match the number of newly reported Los Angeles County cases as episode date reflects date of underlying illness rather than date of report.
2. Data are subject to change for the current week due to reporting lags and pending investigations.
3. New cases are those newly reported to DPH/PEH Team since last report.
4. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
5. Excludes data from the cities of Long Beach and Pasadena.

PEH Cases by Week

- Note:
1. Cases reported by Episode Date, which is the earliest existing value of: Date of Onset, Date of Diagnosis, Date of Death, Date Received, Specimen Collection Date. Number of daily cases will not match the number of newly reported Los Angeles County cases as episode date reflects date of underlying illness rather than date of report.
 2. Data are subject to change for the current week due to reporting lags and pending investigations.
 3. New cases are those newly reported to DPH/PEH Team since last report.
 4. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
 5. Excludes data from the cities of Long Beach and Pasadena.

7-Day Rolling Averages for Daily Confirmed PEH Cases by Episode Date

Note:

1. We use a rolling 7-day average to smooth some of the fluctuations we see in the daily numbers due to reporting and processing lags that are a part of reportable disease surveillance.
2. Cases reported by Episode Date, which is the earliest existing value of: Date of Onset, Date of Diagnosis, Date of Death, Date Received, Specimen Collection Date. Number of daily cases will not match the number of newly reported Los Angeles County cases as episode date reflects date of underlying illness rather than date of report.
3. Data are subject to change for the current week due to reporting lags and pending investigations.
4. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
5. Excludes data from the cities of Long Beach and Pasadena.

DEMOGRAPHICS

Age Groups	Cases		Deaths	
	Total	%	Total	%
0-5	435	2.3%	0	0.0%
6-11	729	3.8%	0	0.0%
12-17	433	2.3%	0	0.0%
18+	17,545	92%	350	99.7%
Unknown	8	0.04%	1	0.3%

PEH Case Demographics: Age Groups

Age Groups	Cases		Deaths	
	Total	%	Total	%
0-17	1,597	8.3%	0	0.0%
18-24	1,503	7.8%	4	1.1%
25-29	1,821	9.5%	4	1.1%
30-39	3,950	20.6%	17	4.8%
40-49	3,202	16.7%	61	17.4%
50-59	3,726	19.5%	83	23.6%
60-64	1,674	8.7%	68	19.4%
65+	1,669	8.7%	113	32.2%
Unknown	8	0.04%	1	0.3%

PEH Case Demographics: Age Groups

Gender Identity	Cases		Deaths	
	Total	%	Total	%
Male	12,217	63.8%	280	79.8%
Female	6,662	34.8%	71	20.2%
Transgender Men	21	0.1%	0	0.0%
Transgender Women	81	0.4%	0	0.0%
Genderqueer/Gender non-conforming	12	0.06%	0	0.0%
Unknown/Prefer Not to State	157	0.8%	0	0.0%

PEH Case Demographics: Gender Identity

Race/Ethnicity	Cases		Deaths	
	Total	%	Total	%
American Indian or Alaska Native	130	0.7%	1	0.3%
Asian	260	1.4%	7	2.0%
Black or African American	5,695	29.7%	93	26.5%
Latinx	7,669	40.0%	163	46.4%
NHOPI	77	0.4%	3	0.9%
White	3,146	16.4%	70	19.9%
Multi-race/Two or More Races/Other	762	4.0%	8	2.3%
Unknown	1,411	7.4%	6	1.7%

PEH Case Demographics: Race/Ethnicity

Note: Groups other than Latinx are of Non-Hispanic ethnicity.

Note: Data are subject to change for the current week due to reporting lags and pending investigations. Data does not include non-resident staff at shelters or other facilities. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates. Deaths reported by Date of Death or Date Received if Date of Death is missing. Excludes data from the cities of Long Beach and Pasadena.

PEH COVID-19 Case Origination

Shelter status at time of suspected COVID-19 exposure	Cases		Deaths	
	Total	%	Total	%
SHELTERED	11,331	59%	155	44%
Emergency Shelters	4,892	43%	43	28%
Transitional Housing	1,409	12%	9	6%
Recuperative Care Centers	359	3%	17	11%
Single Room Occupancies	58	1%	1	1%
Hotels/Motels	474	4%	10	6%
Rehab/Sober Living Centers	489	4%	4	3%
Private Home (Couch Surfing)	1,603	14%	28	18%
Corrections	616	14%	1	1%
Other (Safe Havens, SNFs, Sheltered Unknown)	1,431	13%	42	27%
UNSHELTERED	4,342	23%	122	35%
Encampments	814	19%	17	14%
Streets/Parks/Transportation Metro Stations	1,237	28%	44	36%
Vehicles	1,230	28%	49	40%
Other (Abandoned buildings, Unsheltered Unknown)	1,061	24%	12	10%
UNKNOWN	3,477	18%	74	21%
Total PEH	19,150	100%	351	100%

Shelter Status of PEH Cases

Staff or Volunteers at Shelters	Cases	Deaths
	Total	Total
Shelter Staff or Volunteers	2,914	6

1. Staff data excludes homeless shelter staff/volunteers who live outside of Los Angeles County. Data excludes staff or volunteers from Permanent Supportive Housing settings.
 2. Data are subject to change for the current week due to reporting lags and pending investigations.
 3. New cases are those newly reported to DPH/PEH Team since last report.
 4. Numbers reported may vary slightly each week and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
 5. Excludes data from the cities of Long Beach and Pasadena.

Outbreak Investigations by Week of Index Case Onset and Location Type March 2020 - June 2022

- Note:
1. Outbreaks initiated in settings with one or more lab confirmed case among staff/residents.
 2. Data are subject to change for the current week due to reporting lags and pending investigations. Shaded bar represents data that are incomplete for the current week.
 3. New cases are those newly reported to DPH/PEH Team since last report.
 4. Numbers reported may vary slightly weekly and may not be additive due to records occasionally being closed as false reports or other re-categorization changes based on investigation updates.
 5. Excludes data from the cities of Long Beach and Pasadena.

PEH Hospitalization Outcomes for Cases with Episode Dates through 6/11/2022

Hospitalization Outcomes Notes:

Hospitalization is defined as date of hospital admission within 14 days of specimen collection for the positive test OR specimen collection for the positive test during hospitalization. Reports prior to 11/1/2021 reported any hospitalization associated with a case, regardless of timeframe.

The time-based definition is limited by inclusion of incidental hospitalizations not due to COVID-19. Hospitalizations are a lagging indicator of COVID-19 impact; data for recent weeks are subject to change.

“Sought Care at Hospital” includes PEH individuals whose initial report to DPH indicated they hospitalized or admitted to the hospital later in their disease course. The data reflect information at the time of report only.

“Inpatient admission” “ICU” and “Intubated” categories include data from all hospital inpatient admissions that meet the time-based definition for being COVID-19 related.

“Died during or after Hospitalization” includes only COVID-confirmed deaths during or after hospitalization.

For more detailed information regarding people experiencing homelessness and other COVID-19 data please visit the Los Angeles County Department of Public Health website:
