OVERALL INSPECTION COMMENTS

The purpose of this inspection was to conduct a reinspection to determine compliance with the Official Inspection Report (OIR) dated July 15, 2026. The violations documented in the previous inspection remained outstanding at the time of this reinspection.

Observed the following:

1. An accumulation of decaying organic waste, wastewater, and food residue was observed on the ground floor of Freezer 2, creating an unsanitary condition that supports the breeding and harborage of flies.
2. An accumulation of decaying organic waste, and food residue was observed within Freezer 1, creating an unsanitary condition that permits the breeding and harborage of flies.
3. An accumulation of decaying organic waste, sludge, and food residue was observed throughout the ground floor of the loading dock adjacent to Freezer 1, creating an unsanitary condition that permits the breeding and harborage of flies.
4. Approximately 30 or more live flies were observed along the base of the northern perimeter wall of the facility on Union Pacific Avenue.
5. Approximately 20 or more dead flies were observed along the base of the northern perimeter wall of the facility on Union Pacific Avenue, as well as on the adjacent sidewalk and street along Union Pacific Avenue.
6. Standing water containing numerous dead flies was observed on the soil at the northeastern portion of the property.
7. Approximately 20 or more live fly larvae were observed on the exterior plastic sheeting along the northern perimeter wall, as well as on the adjacent sidewalk and street along Union Pacific Avenue.
8. Approximately 30 or more live flies were observed in the southeastern area of the facility near the intersection of South Indiana Street and Noaks Street.
9. Approximately 30 or more live flies were observed in the facility's loading dock area.
10. Approximately 30 or more live flies and live fly larvae were observed on and surrounding an accumulation of organic waste and wastewater within Freezer 2.

An Administrative Citation in the amount of \$500.00 is being issued for failure to comply with the Official Inspection Report dated July 15, 2026, and for continuing to maintain conditions on the premises that permit the breeding and harborage of flies and constitute a public nuisance, in violation of Los Angeles County Code Sections 11.02.300, 11.30.010, 11.30.060, 11.30.070, and 11.30.080.

This report and citation was issued in person to the responsible party.

A re-inspection will be conducted on or after 7/24/2026 to verify compliance.

The re-inspection date is the first possible date that an inspector will return to determine if violations noted on this report have been corrected. If the operator/owner's representative would like to be present for the re-inspection, please contact the inspector at the phone number listed at the top of the report to confirm the re-inspection date.

Failure to meet compliance for outstanding violations may result in a compliance review, or further legal action if required. Failure to comply with this notice may also result in the issuance of additional citations.

For questions on this report contact Environmental Health - Environmental Emergency Management at (626) 430-5201.
