

ICV Mission for the Florence Firestone Area

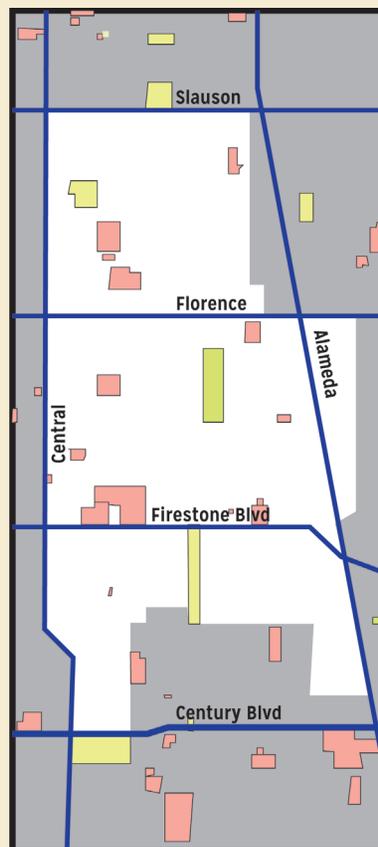

To strategically break the inter-generational cycles of poverty, addiction and gang violence by using a holistic approach that meets the unique needs of vulnerable families and children.

LOS ANGELES COUNTY TRAUMA PREVENTION INITIATIVE

Los Angeles County is partnering with communities to implement the Trauma Prevention Initiative (TPI) to reduce violence related trauma, injuries, and deaths.

TPI is a comprehensive, place-based approach through innovative programs, policies and partnerships supported in part by Measure B.

Florence Firestone Street Outreach & Community Intervention Services

Funded by the Los Angeles County
Department of Public Health

Inner City Visions (ICV) is a non-profit organization founded in 2007 in the epicenter of South Los Angeles.

We engage what is statistically the most vulnerable population of at-risk and exploited youth and provide solutions to their ever-evolving hardships.

By providing them with our guidance, support and resources we are able to help them reintegrate back into the community.
