

# Network Development and Patient Access

May 07, 2024

Antonne Moore, M.Ed., Division Chief  
Strategic and Network Development  
Substance Abuse Prevention and Control

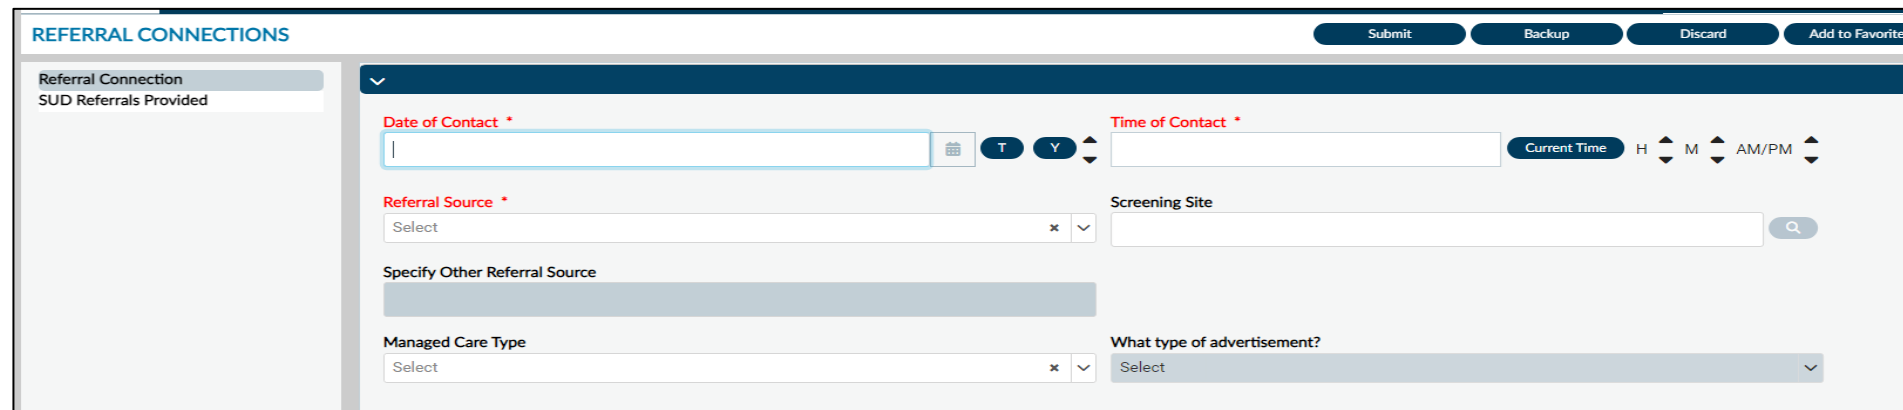

## **PRESENTATION OUTLINE**

- **Referral Connection and Appointment Disposition**
- **SASH Collateral Caller Expansion**
- **CIBHS Training and Technical Assistance Activities**

- **Referral Connection Form Submissions**

- For all initial patient encounters, providers are **required** to document connections to either the provider site or another agency, including **referral attempts** and **scheduled appointment** using the Referral Connections Form in PCNX.

**REFERRAL CONNECTIONS** [Submit] [Backup] [Discard] [Add to Favorites]

**ASAM Provisional Level of Care \***

- 0.5 ASAM [Early Intervention]
- ASAM 1 [outpatient]
- 2.1 [Intensive Outpatient]
- 3.1 [Low-Intensity Res]
- 3.3 [Pop-Specific High-Intensity Res]
- 3.5 [High-Intensity Res]
- 3.7 [Medically Monitored Inpatient]
- 4 [Medically Managed Inpatient]
- OTP [Opiod Treatment Program]
- 1-WM [Outpatient WM]
- 3.2-WM [Res WM]
- 3.7-WM[Medically Monitored Inpatient WM]
- 4-WM [Medically Managed Inpatient WM]
- Recovery Services
- Negative Screening for SUD
- Incomplete
- Refused

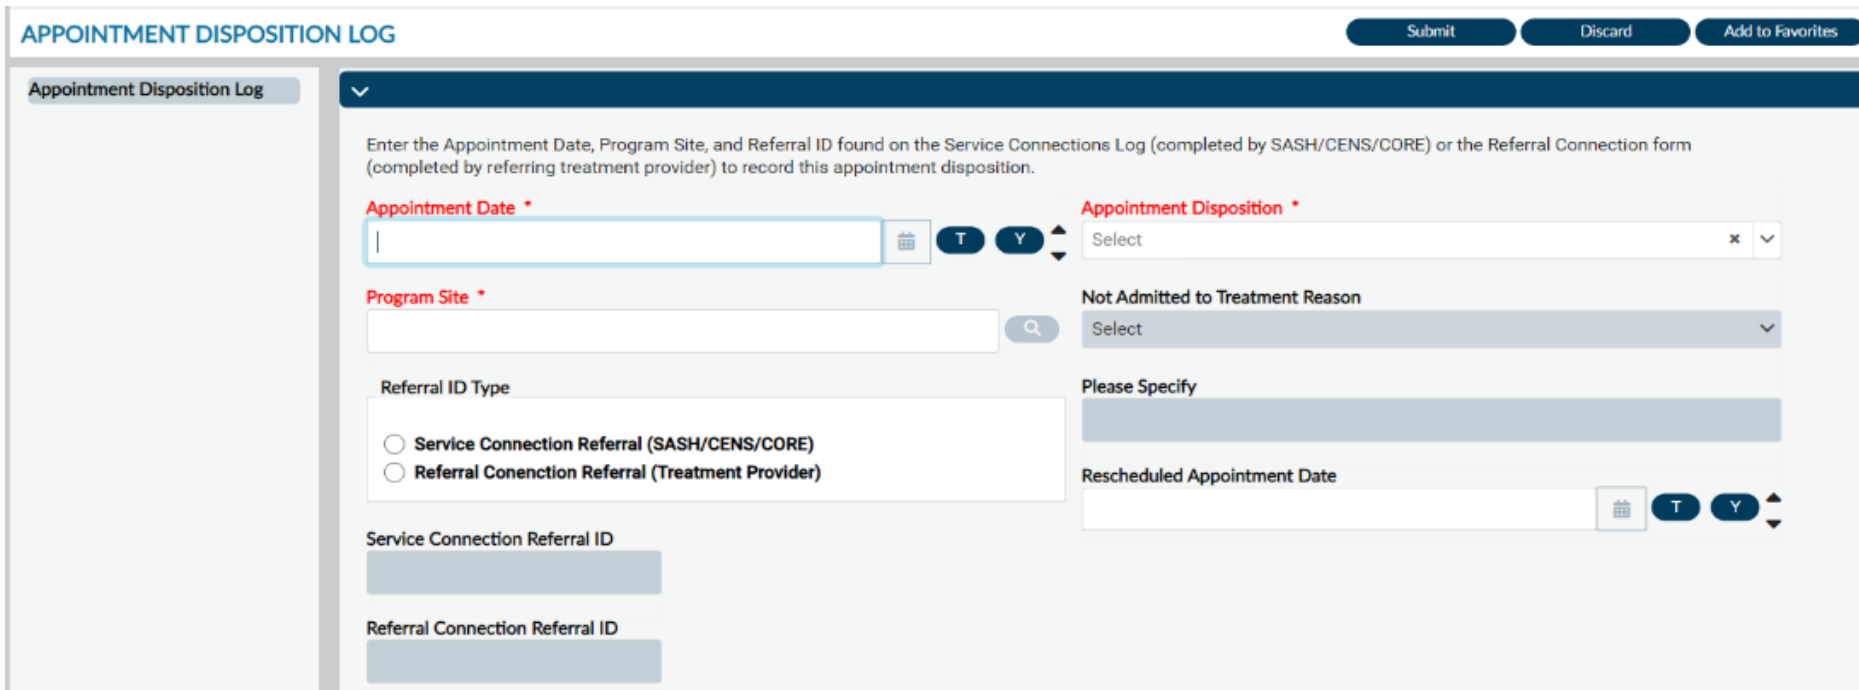

**Level of Care Override Reason \***

- 1 Clinical Judgment Disagrees with ASAM
- 2 Court Mandated - Referred to CENS
- 3 Patient Preference for other LOC
- 5 None - Final Disposition Same as ASAM
- 99 Other

**Override Explanation** [Text Area]

## • Appointment Disposition Log

- In accordance with 42 CFR Part 438.206(c)(1) and WIC section 14197 (d), counties are required to monitor, assess, and meet timely access to service.
- SAPC will be tracking what happens after patients are screened and receive a scheduled appointment, through the Appointment Disposition Form in PCNX, including No Shows
- Effective July 1, 2024, providers will be required to input the result of that referral into the Appointment Disposition Form when they receive referrals from any service connection point.

**APPOINTMENT DISPOSITION LOG** Submit Discard Add to Favorites

Appointment Disposition Log

Enter the Appointment Date, Program Site, and Referral ID found on the Service Connections Log (completed by SASH/CENS/CORE) or the Referral Connection form (completed by referring treatment provider) to record this appointment disposition.

**Service Connection Referral ID**

**Referral Connection Referral ID**

- **Referral ID report**

- Populated from the Referral Connections Form and Service Connection Log.
- Provides client name, date of birth, gender information (for validation purposes), preferred contact, and appointment date (and time if available) for referrals made to your agency.
- Providers can pull this report regularly to input the outcome of individual’s appointment status in the Appointment Disposition Log and track show/no show correctly.

**Referral ID # Report**  
Date Parameters: 12/1/2023 - 12/12/2023

12/12/2023

**Agency: Recovery, Inc.**  
**Location: Recovery Facility**  
**Service Connections Log**

Referral ID #	PATID	Patient Name (Last,First)	Date of Birth	Gender	Contact	Appointment Date	Appointment Time
138429	171926	Test,Admission	1/1/1952	Male	N/A	12/12/2023	10:53 AM

**Referral Connections**

Referral ID #	PATID	Patient Name (Last,First)	Date of Birth	Gender	Contact	Appointment Date	Appointment Time
12179	198802	Test,Client	10/19/2004	Male	N/A	12/12/2023	10:55 AM

- **Monitoring**

- Joint effort between multiple sections within SAPC
- SAPC will be monitoring the input into the Referral Connection Form and Appointment Disposition Log regularly and conduct regular follow ups with providers.

- **Provider Considerations**

- If not doing so already, will need to consider how to incorporate into existing appointment scheduling workflows.

- **SAPC Support**

- Job Aide is being developed to support provider staff.
- Training (live and recorded) will be provided and posted to website.
  - Includes ability to practice in training environment.
- Exploring possible incentive for FY24/25.

# SASH Collateral Call Expansion Planning

## REMINDER: SASH Calls to Providers

- The SASH and other entryways may still refer clients to site locations that show zero (0) availability on their SBAT
  - SBAT updates are point-in-time and agents may call looking for the most updated availability information
  - Members may have specific needs (e.g. language, accessibility) where a referral to a specific site location is most appropriate
  - Members may express a preference in connecting with a specific site location

- **R95 Lower Barrier Access for SASH.**

- SAPC identified a barrier to patients receiving appointments when another person calls on their behalf (i.e. collateral)
  - Collateral callers represent the 2<sup>nd</sup> most frequent type of caller requesting referrals.
  - Majority of collateral callers are calling on behalf of someone who is Medi-Cal eligible/enrolled.

- **Los Angeles Alliance Opportunity:**

- Required to respond to LA City Outreach Workers who connect PEH to needed SUD services, even when the patient is not physically present.
- Opportunity to update existing SASH workflows.

- Effective 06/01/2024, the SASH will be updating its call center protocols to include the following for LA City outreach workers callers:
  - Conduct screenings with LA City outreach workers calling on behalf of a patient.
  - Connect the outreach worker with provider for a scheduled appointment, **even when the patient is not present.**
- **Note:** Only collateral or outreach workers who can provide sufficient information to determine probably eligibility and preliminary level of care will be referred to providers for an appointment request.

## Proposed Referral Workflow for LA City Outreach Workers

SASH agents will follow the below protocol when LA City Outreach workers call:

1. If individual is not present, will ensure there is enough information for a referral.

2. Gather basic financial information to ensure patient eligibility.

3. Complete a modified brief ASAM screening to determine patient's appropriate LOC.

4. Locate the nearest or most appropriate provider using the SBAT to secure an appointment with the caller.

5. Document outcomes in the Service Connection Log.

- Eventually, the SASH will allow appointment requests from all collateral callers (e.g., outreach workers, hospital and other case managers/clinicians, and family members).
- To allow a more engaged roll-out, SAPC will be seeking provider feedback on this planned change, through the following means:
  - Provider Advisory Committee meeting
  - Existing R95 Meetings
  - Other relevant forums

## Provider Considerations for Responding to SASH Calls

- Providers will need to prepare their staff to accept referrals from the SASH, **even if the person needing SUD treatment is not on the call.**
- Intake appointments that are offered at the **point of referral** (i.e., **not** requiring the patient to call-back)
- Collateral callers will have essential information if referred but may not have all patient information requested.

# CIBHS Training and Technical Assistance Updates

## Training Update

### CBI Pop-Up Discussion – CBI 1C-1 Workforce Development

This pop-up session will provide guided instruction to assist providers in developing their plans and filling out the 1-C 1 template.

**May 10, 2024, 10:00 am – 11:00 am**

Location: Zoom

[Registration Link](#)

&

**May 17, 2024, 10:00 am – 11:00 am**

Location: Zoom

[Register Link](#)

### Workforce Opportunities Across Behavioral Health 1C-1

This session will provide participants with the opportunity to explore, learn, and plan workforce-focused implementation steps based on best and emerging promising practices designed to attract, retain, and support high-quality and engaged staff within their organizations.

**May 14, 2024, 1:00 pm – 2:30 pm**

Location: Zoom

[Registration Link](#)

### R-95 Service Design In-person Meeting

This meeting will include tips and tricks for ensuring you are able to take advantage of the lessons learned from your customer walk-through using hands-on activities facilitated by CIBHS.

**May 15, 2024, 2:00 pm – 4:00 pm**

Location: Behavioral Health Service  
Training Center

15519 Crenshaw Blvd, Gardena, CA 90249

[Registration Link](#)

## Training Update

### Best Practices for Delivering Culturally Responsive Care to Black Clients (series)

#### Upcoming Trainings

Discussion sessions March – June 2024

Topics include:

#### **Culturally Responsive Care for Black Women & Mothers**

**May 16, 2024, 10:00 am -11:30 am**

Location: Zoom

[Registration Link](#)

&

#### **Allyship and Bias Mitigation**

**June 13, 2024, 9:00 am – 11:00 am**

Location: Zoom

[Registration Link](#)

### Field Based Services Safety Training

#### Upcoming Sessions

#### **Part I. Introduction to Personal Field Safety**

**May 9, 2024, 10:00 - 11:30 am**

Location: Zoom

[Registration Link](#)

#### **Part II. How to Put Field Safety Training into Action**

**May 23, 2024, 8:30 am – 4:00 pm**

Location: LA Area Chamber of Commerce, 350 S. Bixel St.,  
Los Angeles, CA 90017

[Registration Link](#)

#### **Part III. A Community of Safety Practice:**

**Save the date.**

**June 13, 2024, 10:00 – 11:00 am**

Location: Zoom
