1:00 p.m. – 3:00 p.m. **SAGE LAB**

The Sage Lab is a training offered by SAPC and Netsmart to provide individualized technical assistance to contracted treatment providers on issues specific to Sage. Providers will meet with subject matter experts based on their inquiry on a one-on-one basis and will include hands on technical assistance. Providers are encouraged to bring their own laptops to support full understanding of the issue. Providers are registered on a drop-in first-come basis and no appointments are accepted.
