

Provider Advisory Committee (PAC) – Strategic Plan Feedback 2/14/23

SAPC and Health Management Associates (HMA) are utilizing the Provider Advisory Committee (PAC) as the network’s representative bodies to obtain valued feedback on SAPC strategic plan key priorities and cross-cutting strategies.

We are sharing these in advance to ensure a robust discussion during the PAC. The meeting will focus on System Innovation and Patient Experience. However, there will be an opportunity via survey link to provide additional feedback on all of the Priorities after the meeting.

CONCEPTUAL FRAMEWORK

Overview of the structure of priorities and cross-cutting strategies

Provider Advisory Committee (PAC) – Strategic Plan Feedback
2/14/23

KEY PRIORITIES

All people and communities in Los Angeles County have a chance to pursue their dreams and to fulfill their promise without the burden of substance abuse and addiction.

CROSS-CUTTING STRATEGIES-Original

BUILD CONTINUUM OF CARE: Strengthen efforts to target the 95% of people who do not think they need our services.

PURSUE HEALTH EQUITY: Enhance systemwide diversity, equity, and inclusion to address health disparities

LEVERAGE EXPERTISE: Advance and support issues and policies related to substance use disorder field programs and policies.

ENHANCE COMMUNICATION & EDUCATION: Establish intentional communication, collaboration, and public education

ELEVATE STRUCTURAL OPERATIONS: Cultivate a strong and robust organizational structure that supports continuous quality improvement.
