

# Adult Treatment Perception Survey, Los Angeles County, 2022

## What is the Treatment Perceptions Survey (TPS)?

An anonymous survey conducted annually throughout California to gauge client perception/satisfaction with Substance Use Disorder treatment services.

## TPS Collects Information in 6 Areas

- ◆ Satisfaction
- ◆ Treatment Outcome
- ◆ Access
- ◆ Quality of Care
- ◆ Care Coordination
- ◆ Telehealth

## Data Into Action

### Providers Use Client's Feedback to:

- ✓ "Identify strengths and areas for growth"
- ✓ "Let clients know they have a voice"
- ✓ "Action planning for improving services, grant applications, ongoing accreditation"
- ✓ "Staff get feedback from client comments"
- ✓ "Identify areas for improvement"
- ✓ "Outcome measurement directly from clients themselves"

## TPS Surveys collected in LA County, 10/2022

As helpful as in-person sessions - 66%\*

**Note:** \* Percent of clients who agreed with statement

## Client Comments

### Praise

"This treatment facility is a miracle and major blessing. The staff are above and beyond caring and sensitive to our needs. This facility is not just a center, it's a family! I would highly recommend this place to anyone that is currently suffering from alcohol/drug addiction. This awesome place literally saved my life! Thank you!!!"

"Love the communication with my counselor and how honest and open we are able to be helps me in my recovery"

### Concerns and Suggestions

"They are always short-staffed always changing counsel or, no stability."

"I would like to see more diverse (black) counselors. I would like for the counselor and staff to be a little more friendly. Not to look bothered all time. Team smile and understanding."
